Tacca Chantrieri, Spathiphyllum & Alocasia 'Polly'

Spathiphyllum - Peace Lily - 12cm, 14 & 23cm

This plant has been scientifically proven to be an efficient absorber of indoor air pollution. Glossy, dark green leaves and white cobra-shaped, sweetly scented flowers. Performs best in a well lit, warm, draught-free site. Keep drier in the winter and apply liquid fertilizer regularly during growing season.

Tacca Chantrieri - "Bat Plant"

Perennial bearing exotic dark brown to purple flowers. For outdoors prefers sub tropical climates, Ideal under tree canopies. For indoors a warm, well lit position. Keep well watered.

Alocasia Polly

Perennial with large, dark green, arrow-shaped leaves, strikingly marked with cream. Requires warmth and high humidity. Ideal for a warm spot indoors. Grows well in a sheltered position in tropical gardens. Keep moist but not wet. Apply liquid fertilizer in the growth period.
